DAILY MATHS ACTIVITIES

Maths Challenge

Today your maths challenge is all about making patterns. A pattern is a sequence that repeats itself, that means that we can make a pattern with almost anything!

Click here to see what your pattern challenge is today!

THE WIDER CURRICULUM

The Power of Storytelling

Our whole school theme this week is; The Power of Storytelling, leading up to our special celebration of World Book Day on Thursday.
Watch here to see what story we are going to read today. Listen to the clues at the beginning and see if you can predict the story. Then see if you can answer the challenge questions afterwards.

LOOKING AFTER YOURSELF!

It is important to look after not only ourselves but other people around us too. We have read the story in school 'Have you filled a bucket today?'. Read it again at home this week and see how many wonderful things you can do to fill somebody else's bucket as well as filling your own too.

GET CREATIVE!

This week is all about enjoying stories and books! Your challenge is to create your own bookmark. You can decorate it any way that you like- maybe you want it to represent your favourite story or your favourite character. We can't wait to see them all!

RHYME TIME!

This week's rhyme is…
'If you blast off into space today'.

Why don't you perform it with music at home!

UP FOR THE CHALLENGE?

Rainbow Tricky Word Challenge
Create a tricky word treasure hunt. Ask a grown-up to write some tricky words on paper and hide these around the house or garden. Search for the words and when you find one, write it down on a detective notepad and see how many you can find!
